Customer, or AOD Group staff on the Customer's behalf, to choose the best option to meet Customer's shipment requirements. AOD Group will utilize the services of Carriers and Service Providers as well as the affiliated entities of the AOD Group. AOD Group reserves the right to match the lowest qualifying transportation offer received from AOD Group's network of Carriers and Service Providers.

Qualification of Carriers and Service Providers. AOD Group will arrange for cargo transport in coordination with the parameters set by the Customer to meet the Customer's time requirement, cost requirement, or both. Selection of Carriers or Service Providers eligible to meet the Customer's requirements will be determined by AOD Group at its sole discretion. However, the Customer may recommend service providers to be used for Customer's shipments and those recommended services providers may be utilized so long as they meet legal, regulatory and AOD Group qualification standards. Typically, AOD Group will select Carriers or Service Providers to transport the Customer's specific shipment, although the Customer may choose to assume this function itself.

1.2. Hazardous Materials. If Customer requires transportation of hazardous materials, AOD Group will require that Carriers and Service Providers have excess insurance in place covering losses and liabilities for personal injury (including death), property damage, and potential environmental harm or damage connected with the transportation of such materials.

1.3. **Carriage via Third-Party Motor Carriers and Ground Expedite Providers**

1.3.1. Cargo Liability. The Carrier responsible for the shipment shall be solely and exclusively liable for any cargo loss, damage or delay. AOD Group shall endeavor to ensure that all claims shall be paid or settled by the Carrier within ninety (90) days of the receipt of a properly documented claim.

For portions of ground shipments with the U.S., AOD Group shall, and shall require each Carrier to, assume liability as a common carrier for full actual value of the loss, damage to or destruction of any and all Customer's freight or any delay in transit while under the provider's care, custody or control up to a maximum of \$100,000 of that part of the shipment adversely affected.

For portions of ground shipments within Canada, AOD Group shall, and shall require each Carrier to, assume liability as a common carrier for losses based on the value of the goods, unless a lower value has been declared, but always subject to a maximum liability of two dollars (\$2) per pound (or \$4.41 per kilogram) unless a higher value has been declared. In any event, liability will be no more than the actual value at the time and place of shipment including freight and other charges if paid.

For portions of ground shipments within Mexico, in case of total or partial loss or damage of the goods transported, the amount of the indemnity payable by Carrier shall be limited to 15 (fifteen) times the Mexican measurement and actualization unit (UMA for its Spanish acronym) per ton, or the proportional part in the case of shipments of less weight, as provided by in section V of article 66 of the Mexican Law of Roads, Bridges and Federal Autotransportation (Ley de Caminos, Puentes y Autotransporte Federal).

AOD Group shall be responsible to process all claims and assist in the resolution of the claims by managing the investigation, documentation and/or prosecution of all cargo loss, damage or destruction claims against its qualified carriers in accordance with this Section to the reasonable satisfaction of Customer.

As a condition precedent to recovery, claims for loss, damage or delay must be filed in writing with AOD Group within one hundred eighty (180) days after the date of acceptance of the shipment, or when the shipment should have reasonably been delivered.

As a condition precedent to recovery for any concealed damage, Customer must have reported the loss or damage to AOD Group within three (3) business days of delivery and must have secured for inspection, in its original container, all cargo for which a claim is to be made within six (6) business days after date of delivery to Customer.

All shipment-related transportation charges must be paid in full prior to the settlement of any claim. Customer may not deduct claims from other unrelated transportation charges.

AAC agrees to acknowledge all claims within fifteen (15) days from receipt and will endeavor to resolve all claims within ninety (90) days from receipt. Claims for loss or damage must be made in writing to AAC within one year after the date of acceptance of the shipment by AAC.

Customer further agrees that in the event of any claim that arises by virtue of the transportation of Customer's cargo, Customer will not seek to recover damages for amounts greater than is stated in this section, respectively, from AOD Group.

3.3.3. Customer must reject any equipment that is not in appropriate condition to protect and preserve the shipments during transportation or it shall be deemed appropriate when loaded and not rejected. Customer's failure to fulfill the obligations under this section will be considered an act or default of the shipper and a defense to any cargo claim resulting from the condition of the trailer.

- 3.4. **Mitigating Damages.** None of the provisions in these Terms and Conditions in any way limits Customer's obligation to mitigate damages, including by salvaging all portions of a shipment for which there is a secondary market.
